

National Lead Consultant/ Senior Consultant/ Consultant - Entomology

Organization:

TCI Foundation an autonomous entity under Transport Corporation of India works in collaboration with Government, Public Sector Undertakings, National and International organizations and reputed corporates to serve the nation with motto of equality and better life for all citizens in the country. TCI Foundation is one of the Principal Recipients of Global Fund Grant for the period 2021 to 2024 and has been assigned the responsibility to work in unison with National Vector Borne Diseases Control Program (NVBDCP), Ministry of Health & Family Welfare (MoHFW), Government of India for Malaria Elimination Programme.

Malaria Elimination Program Overview:

Malaria burden in India has reduced significantly over the years which has been made possible with the introduction of new interventions for case management and vector control and effective monitoring and evaluation. The program goal is to eliminate malaria (zero indigenous cases) throughout the entire country by 2030, to maintain malaria free status and prevent its re-introduction.

Position:

TCI Foundation invites applications for the position of National Lead Consultant/ Senior Consultant/ Consultant - Entomology purely on contractual basis. The selected candidate on this position would be required to maintain good liaison with authorities and officials of NVBDCP, State VBDCP, District VBDCP, internal and external agencies for the progression and completion of program activities within the given timeframe.

Purpose:

To support Dte. NVBDCP for effective implementation of GFATM supported Intensified Malaria Elimination Project (IMEP-2) in various States at different levels (National/ State/ District/ Sub-district). The position, based at Dte. NVBDCP, would play a critical role in evidence-based decision making at various levels to bring efficiency and effectiveness in the Programme and in bridging the gaps between planning and implementation.

Job Responsibilities:

- To monitor the epidemiological and entomological situation in the States/ UTs/ Districts and support/ supervise various components of programme planning and implementation w.r.t malaria, vector control interventions including entomological surveillance.
- To monitor, supervise and facilitate the State/ District VBDCPs for selection and establishment of representative sentinel sites for entomological surveillance and

creation/ strengthening capacity for regular entomological surveillance and response.

- To develop/ customize training guidelines/ modules for entomological surveillance& response and vector control/ management, and to undertake/ support trainings for Entomologists, Medical Officers and other healthcare staff on various aspects of vector control such as entomological surveillance; field entomology work; maintenance of field insectaries; conducting bioassays; vector susceptibility and insecticide resistance monitoring; vector control monitoring & evaluation.
- To work in close collaboration with NVBDCP Officers/ other Consultants at various levels for carrying out entomological surveillance in the States/districts to ensure quality implementation of the project/programme.
- To supervise, facilitate and support the State Consultants-Entomology and other officials in consolidating monthly/quarterly/annual reports/ data on regular basis, and ensure corrective actions based on analysis of reports.
- To establish and supervise a functional multi-disciplinary coordination mechanism for Integrated Vector Management (IVM) and advocate for vector control interventions among key stakeholders.
- To supervise and monitor HR at various levels, analyse their monthly activity reports and provide feedbacks to them.
- To ensure consolidation and dissemination of approved annual work plans to State/ District VBDCPs and prepare timely progress reports based on results framework.
- To keep liaison with the National Informatics Centre (NIC), Integrated Disease Surveillance Programme (IDSP) and other National health programmes on implementation of strategies on surveillance, monitoring & evaluation etc.
- To undertake field visits in States/ UTs/ Districts (atleast 10 days a month) for entomological surveillance, mapping and monitoring vector density, bionomics and sensitivity of insecticides; and to monitor/ evaluate the timeliness and quality of vector control measures.
- To participate in planning and organization of review meetings at National and Sub-national levels.
- To undertake any other task assigned by the Reporting authority.
